WELCOME TO PENNY POT

Thank you for choosing to stay at Penny Pot Cottage, 3 Consitone Road, Kettlewell.

The post code for sat nav users is BD23 5RE.

We hope you have a wonderful holiday. We have put this welcome pack together to help you make the most of your stay in our cottage in the beautiful village of Kettlewell in the Yorkshire Dales.

We have tried to make the cottage as comfortable and well-appointed as possible. We are Emma and Jonathan Shepherd and we live in Kettlewell and have done so for 8 years now.

The cottage has recently undergone a complete refurbishment project from top to bottom and we hope you are as impressed with it as we are. Although small in size, we think perfectly formed!

Whilst we do employ professional cleaners, please try to keep the cottage in a clean and tidy condition during your stay.

We do understand that accidents can happen so please let us know if you damage anything so we can take appropriate action. We would not normally charge for minor breakages, but may invoice for repair or making good if the damage or breakage is significant.

We ask that you consider occupants of the other properties nearby by keeping noise to reasonable levels.

Should you need to contact us for anything, please call Emma on 01756 761 689, 07904 124 276 or email info@pennypotkettlewell.com

Please let us know if you think we have missed anything from this welcome pack.

Instruction manuals are provided in a supplementary folder.

Full Terms and Conditions are provided at the back of this pack.

Please note that all the information in this pack is correct as of January 2023.

We strongly recommend that you keep the keys in the key safe whilst you are out and about during your stay. Please lift the door handle up before you try and lock the door.

PENNY POT COTTAGE

You can switch the radiators off by using the wall switch at the back. Should you decide to do this, please ensure you switch them back on before you leave.

We have a log burning stove in the fireplace of the cottage, along with a set of fire irons. You can bring your own logs and firelighters or buy them from the local Garage or the Village Shop.

The cost for this is £7.50 per net, with a box of firelighters available for an additional £1.50. Please try to ensure that the fire is cleared out as much as possible. There is a metal dustpan and brush in the log store for this purpose. Hot ashes should be put in the metal ash bin and the bin placed outside until cool. Please do not put hot ashes in any of the wheelie bins.

Please only burn logs on the fire. **Please not use coal.**

Hot water:

The hot water is run from a hot water tank located in the corner cupboard in the main bedroom, next to the fire place.

When you arrive at the cottage, please open this cupboard where you will see two switches on the inside left of the door. If the switches are off, turn the left hand switch on throughout the duration of your stay.

The left switch will heat the water tank enough for a shower, whilst also providing hot water for the kitchen sink.

If you would like more than one shower, or a bath there is a booster switch in the, kitchen, located on the wall above the washing machine. This will heat a secondary tank and give more than enough water for baths and washing. Please only use this switch if you need to and switch off as soon as you have used the water you require.

PENNY POT COTTAGE

An hour should be sufficient to heat the secondary tank. Please note, when you arrive it will take up to an hour for the water to heat up completely.

Please switch the kitchen booster switch off when you leave at the end of your stay, but leave any switches in the corner cupboard on. Our cleaners will turn these off if necessary.

The bathroom – heating and operation:

The bathroom has a wall mounted towel rail radiator which can be switched on from the wall switch outside the bathroom door next to the light switch. Please use as required but please try to ensure that it is turned off on your departure.

The extractor fan is operated when the light in the bathroom is turned on and will automatically shut off when turned off.

The shower is over the bath and the shower screen is hinged so it can be moved out of the way whilst you turn it on.

Please ensure the shower screen is relocated once the shower is switched on. To turn the shower on, please run the bath taps to get the desired water temperature then move the central handle between the bath taps to the right to move the water flow to the shower head.

Please be careful with the hot water, the immersion tank is new and the water can be very, very, hot whilst it self-regulates to the optimum temperature.

Baby/Pet gates:

There are two retractable baby/pet gates in the cottage; one at the top of the stairs and another at the bottom of the stairs. The gates will be set to the open position when you arrive. Should you need to use them, please familiarise yourself with their operation. It is your responsibility to ensure safe and correct usage.

Instruction manuals for the appliances are provided in a supplementary folder.

Please ensure that all rubbish is removed from the cottage before you leave at the end of your stay. There is a green wheelie bin for general waste and a blue wheelie bin for your recycling in the front of the house. A note of the bin collection dates can be found at the back of this information pack. We also have two chairs and a small table at the front of the house to enjoy watching the morning sun coming up over the hills and up the valley.

When the weather improves in the spring, our new outdoor furniture, with seating for four will be installed in the back garden, along with a barbeque. Charcoals and firelighters can usually be purchased from The Village Store or the SPAR at Thresfield garage, near Grassington.

TWELVE THINGS TO DO IN KETTLEWELL

There's an abundance of things to do for everyone in Kettlewell. Whether you fancy a relaxing time by The River Wharfe, a day out hiking in the hills, a few hours entertaining the children in the local park, you will find something new to do every time you visit this beautiful pocket of the Yorkshire Dales National Park. Whilst by no means exhaustive, we have put together a list of twelve things you might like to do during your holiday here.

Relax by the river:

Sit and relax on the banks of the River Wharfe with a picnic, glass of wine or an ice cream. Have a paddle in the water and hunt for crayfish – there are lots and lots, or see if you can spot a trout.

Go fishing at Kilnsey Park:

Kilnsey has a trout farm where you can go fishing and bring home the catch to cook for dinner. They also have a lovely nature trail, alpaca's, sheep, occasionally pigs and goats and they help with the red squirrels and often have a few in an enclosure to view. There is fishing for the kids too and you can feed the fish as you wander around this lovely site. Perfect for the kids and grown ups alike. There is a café and shop on site too.

Take a walk along The Dales Way:

Kettlewell is on the Dales Way walking route from Bowness-on-Windermere to Ilkley. Part of the trail can be accessed from the doorstep of Penny Pot Cottage. Turn right out of the front door head down toward &Then deli and walk past the garage. Walk over the bridge, across the river and turn right and follow the river along to Starbotton, the next village up the dale. You can enjoy a pint and a sandwich at the Fox & Hounds for lunch then walk back along the other side of the valley back to Kettlewell; a fabulous 4 mile round trip and an easy walk. Please note there are a few stiles to climb over so not suitable for push chairs or those with limited mobility.

If you fancy a longer walk, the Dales way route from Kettlewell to Grassington offers amazing views from the top of the fell. Turn left from Penny Pot Cottage and follow Conistone Road past Scargill House, then follow the footpath signs left up the side of the fell. Grassington is approximately 6 miles away. There is a limited bus service so if you time it right, walk to Grassington in the morning have a look round, grab some lunch and bus it back!

**Star gazing:**

The dark skies in the National Park is perfect for star gazing. Simply wrap up warm and head outside with a pair of binoculars and look up.

If you want to learn a little more about the history of the beautiful Yorkshire Dales, there is a small museum in Grassington on the town square. There is also a larger museum in Hawes run by the Yorkshire Dales National Park Authority.

Take a walk on the wild side:

There are any number of amazing walks from the doorstep of Penny Pot Cottage – way too many to list here but we would strongly advise getting out and into nature to blow away the cobwebs, breath some beautiful fresh air and get some much needed vitamin d! You can take it easy and follow the river up dale or challenge yourself and climb Great Whernside and/or Buckden Pike.

Visit the local stores for all your holiday shopping:

The Village Store for every day essentials or the &The deli for beers wines deli cold cuts cakes and sweet treats.

Eat, drink and be merry at the pubs and cafes:

In and amongst the cafés, lies The Blue Bell Inn, The Racehorses Hotel and The Kings Head pubs in the heart of the village. Further details are given in the previous section.

Festivals and Events:

Each year, The Wharfedale Beer festival takes place in The Devonshire Institute in Grassington usually the 2nd weekend in November. In 2023 the dates are Friday 10th and Saturday 11th November. Please visit www.wharfedalebeerfestival.com for more information and to buy tickets for the next event. They put on a bus service up and down dale (from Skipton and up as far as Cray and back again) to ensure you can get to and from the event. Well worth a visit and it raises much needed funds for local causes in and around Wharfedale.

Kilnsey Show celebrates local farmers, livestock, horse riding event, a vintage tractor procession and hosts of market stalls of local producers along with a fell run up and over Kilnsey Crag. A great day for all the family with lots going on for young and old.

Two of our favourite walks: approximately 2 hours for the 1st and 2-3 hours for the second.

This was super difficult to write as there are so many from the doorstep which we are lucky enough to be able to do regularly!

There are any number of walks, the most notable of which is The Dales Way National Trail, which winds its way 80 miles from Ilkley in West Yorkshire to Bowness-on-Windermere.

One of our favourite walks takes you up the fell to Great Whernside and then down the hill from Hag Dyke to Providence Pot and back to the village alongside the beck. From Penny Pot Cottage, turn right and right again and walk up the road past The Kings Head pub. Follow the road uphill keeping the beck on your left hand side.

PENNY POT COTTAGE

At the top of the village follow the road as it turns into a track and keep walking. You will come to a bridge over the beck and will see a sign post heading right to Hag Dyke – this is where you will return to on the way home.

Keep left and follow the track up hill, walking past the Smelt Mill field on your left (a remnant of the lead mines of yesteryear). Follow this track to the gate at the top. Go through the gate and turn right and follow the rough track up through a number of fields until you get the Hag Dyke, a hostel owned by Ben Rhydding Scout Group in Ilkley and used as an outdoor centre for camping etc for youth groups.

Great Whernside's summit is located up behind Hag Dyke and is a short climb up if you want to see the top!! Standing in front of Hag Dyke looking back towards Kettlewell you will see two footpaths; one straight down and one off to the left. If you take the left path this will take you down a steep slope to the beck and to the top of Providence Pot (a famous pot hole and covered entrance).

There is a path following the beck back down to the village. This part of the walk (from this point back to the village) has a couple of ladder stiles to clamber over. You will arrive at the small bridge over the beck and you are home.

The second walk takes you up over the ridge between Kettlewell and Littondale. From Penny Pot Cottage head towards the garage and walk past this over the main bridge over the River Wharfe.

Stay on the right hand side of the bridge and walk to the next gate on the right. This is the Dales Way footpath. Walk past this and head up the rubble track to the left of the Dales way, through the gate into the next field.

Follow this part way through this field and then you will see sign posted footpath leading you up the side of the valley. Follow this all the way up through, what we call, The Slit! This walk is well sign posted.

Please don't be fooled there are a number of false summits and its quite a climb, but so worth it for the views. Keep following the footpath and head over the style and keep climbing. You will get to a second style. Head over this and then follow the footpath straight down the other side of the ridge into Hawkswick.

You will walk past an old shooting hut about half way down the valley side. Walk right, through Hawkswick, then over the footbridge (on your left) over the River Skirfare and then head right on the other side of the river and you will come out in Arncliffe. Time to stop at The Falcon Pub for a drink and a sandwich!

When you are done you can now head back down the river side path to Hawkswick. Walk through Hawkswick and then follow the footpath/bridleway left as you are almost out of the village and slowly wind your way back up the side of the valley. It will take you slowly back up to the top of the ridge and bring you out further south on the ridge then you climbed up initially.

The footpath brings you out and walks down through the wooded area on Kettlewell side of the ridge. The path will bring you back to the bridge over the River Wharfe.
